E. C. WALTON.

W. P. WALTON.

In a Candidate for Railroad Commissioner for the 2d District, subject to the will of the democracy.

THE Schley Court of Inquiry found Rear Admiral Schley culpable in eleven charges contained in the precept. Admiral Dewey dissent, however, and by his minority report he again sets himself aright before people all over the country who believe that grand old Admiral Schley outclasses, by long odds, the majority of the men before whom he was tried. In his report Admiral Dewey says: "Admiral Schley's movements were made with all possible dispatch, considering the importance of keeping bunkers well filled and the squadron as a unit; that the blockades both of Santiago and Cienfuegos were effective, and, finally, Mr. Schley was the senior officer of our squadron off Santiago when the Spanish squadron escaped on the morning of July 3, 1898. He was in absolute command and is entitled to the credit due such commanding officer for the glorious victory which resulted in the total destruction of the Spanish ships. The court claims that Schley was negligent, disobedient, vacillating, dilatory, lacking in enterprise, and while at one point saying he was courageous in battle, says in another: 'The turn of the Brooklyn was made to avoid getting her into dangerous proximity to the Spanish vessels.' In short, Schley's entire course, from the departure from Key West to the Hodgson newspaper controversy, is condemned. Owing to a lapse of time no recommendation for punishment is made, and it is generally hoped that none will be made."

THE Cincinnati Enquirer has advice from 79 counties in Kentucky and finds that 32 senators and representatives are pledged to Gov. McCreary for U. S. Senator, 13 to Wheeler, 9 to Cantrill, 4 to Smith and 1 to Allen, while 18 refused to "commit" themselves. Four named McCreary as a second choice and 1 Wheeler and 2 Cantrill. Of the non-committal members five are personally known to favor McCreary. Of the democrats other than members of the Legislature 61 favored McCreary, 19 were for Cantrill, 10 for Wheeler and 8 for Smith. McCreary was the second choice of 3, Wheeler of 1. Cantrill of 5 and Smith of 2. In a majority of the counties McCreary was the favorite, and in nearly every case it was thought that he would be elected on the first or second ballot.

THREE cheers for Representative Robinson, of Indiana! He is tired of Taylor and Finley being kept from the clutches of the law by a perjured Governor and has offered two measures in Congress to secure their extradition. One is for an investigation when the Governor of any State refuses to recognize extradition papers from the Governor of another State; the other provides that in case a Governor refuses to recognize extradition papers they may be executed by a United States Marshal. Both of the bills should become laws, but they won't until the political complexion of both Houses is changed.

IN speaking of Judge T. Z. Morrow as a probable candidate for Congress, the Somerset Journal says: "He ought long, long ago to have been sent to Congress, there being no finer Congressional timber on that side of the fence, and he has never yet allowed himself used as a puller of chestnuts out of the fire by any political faction."

WHAT would Judge Saufley, the best circuit judge in Kentucky, or any other State, as far as that is concerned, have done had such a disgusting scene as this occurred in his court? In the court room at Columbus, O., Judge Badger called ex-Congressman John J. Lentz a liar and coward, and pulled his nose and slapped his face.

IN answering an insurance company's interrogatory as to whether he ever had any fevers, and, if so, what were their character, Hon. W. J. Bryan said: "Suffered twice from presidential fever, followed by severe chills, but have fully recovered."

THE president is said to have definitely decided to decline the offer of \$10,000,000 of United States Steel Corporation stock. He, however, admits that he would accept Mr. Carnegie's offer if the gift were in cash or U. S. bonds.

THE President is certainly not one of the class that are known so well for luck, but he is very lucky all the same. By the will of an uncle who died in 1887, Mr. Roosevelt inherits a fortune estimated at over \$100,000.

ROBERT HAMILTON, a 12 year old Virginia boy who was appointed page in the Senate, has thrown up his position, giving as his reason that he "wouldn't keep such company for \$60 a month."

THE Somerset Republican's Christmas edition is indeed a thing of beauty and a credit to the office that got it out.

THIS AND THAT.

Junction City will have a new era Baptist Institute Dec. 27-29.

Randy Russell, a farmer of Casey county, was adjudged insane.

Mrs. James Hodges, of Marion county, for the third time has given birth to twins.

Three car-loads of negroes were yesterday taken from Alabama to Nova Scotia to work at iron furnaces there.

As a result of the publication of the story that John Williams, of Danville, received a tombstone as a gift on his golden wedding, J. E. Wright, the donor, and Thomas Wright, of Gibbonsville, Idaho, a brother, have been invited to power on the popular wave of 1895, when for the first time a republican governor was elected in this State; not content with the fact that by persistent lies concerning me, my friends have been excluded from official Federal recognition for more than five years, and not content with having turned a republican plurality of nearly 9,000 in 1895 into a democratic plurality of more than 40,000 in 1901—now that it has become apparent that a few of the deserving republicans of the State who gave tone to the party, before the present complaining miscreants who assault me were born or attained accidental standing, may possibly be rewarded, a persistent effort has been made and is being made to array prejudice against me, and to induce every Federal official in Kentucky to believe that I am contemplating the making of an effort or have already made one to relieve him from office. And, to cap the infamous methods employed, the public is told that I demanded \$1,000 for my services in 1900, and refused to enter the campaign unless paid that amount."

Hon. Wm. J. Bryan, when asked for an opinion concerning the Schley verdict, said: "Admiral Schley has vindicated that he was not a coward. The entire court is agreed and explicit on that point. Admiral Schley is the hero of Santiago. The fact is established by the emphatic utterance of Admiral Dewey, the most important member of the court. Other matters in the precept passed on by the court are matters of opinion. No one was as competent to judge what should have been done, and how, at the time of action, as Schley, as he was there. These are purely matters of opinion."

THREE GIFTS.

There is a night which children love, A time of fadless youth, A time when tenderest legendry Entwines with holiest truth. O, happy night! O, holy night! Still shines thy radiant star On shepherds watching in the fields, O'er wise men journeying far.

There is a tree the children love, Whose leaves are all of light, Whose fruitage is a shower of gifts Of wonder and delight. Beneath the branches of that tree Care flies and pain is mute, And hands long sundered meet again When gathering its fruit.

There is a Child the children love, Couched on His mother's knee, On Him the happy star does shine. And on the Christmas tree. Out from those baby hands of His, Like rose leaves softly curled, Hatch come that happy, holy thing, The Christmas of the world.

A GOOD COUGH MEDICINE. (From the Gazette, Toowoom, Australia.)

I find Chamberlain's Cough Remedy is an excellent medicine. I have been suffering from a severe cough for the last two months, and it has effected a cure. I have great pleasure in recommending it.—W. C. Wockner. This is the opinion of one of our oldest and most respected residents and has been voluntarily given in good faith that others may try the remedy and be benefited, as was Mr. Wockner. This remedy is sold by Craig & Hocker, druggists.

PARKS.—Charles S. Parks, Parks' leading merchant, an excellent gentleman and a substantial friend of the writer, died at his home Sunday night after a lingering illness of a complication of troubles. He was 43 years old and leaves a wife and one child to mourn as good and as affectionate husband and father as ever lived. Kentucky had few better citizens or men than Charlie Parks and his demise will be regretted most where he is known best.

SUNDAY was the coldest December day ever known in Kentucky. Thermometers registered from 5 to 10 below zero in the morning and the mercury did not get above 10 during the day. The sudden change of temperature—a fall of some 70 degrees in 24 hours—caused intense suffering both to man and beasts and a good many of us haven't gotten thawed out yet. Saturday was all sorts of a day except a pleasant one. The weather today is not so unbearable. The mercury was 10 above at 5:30 this A. M. and is still climbing. Snow, some of which fell this morning, covers the earth to the depth of 1½ inches.

THE "Among the Breakers Co." gave delightful entertainment to a 855 house at Hustonville Friday night. The weather was terrifically bad, but our Hustonville friends had heard of the merit of the show and turned out in force. Some half dozen or so of the young people who accompanied the performers had the misfortune of overturning their vehicles coming back, but nobody was much hurt. Those who saw the show here and also at Hustonville say that the latter performance was the better. A date to play LaCassiter has not yet been fixed, but if Garrard people know a good thing they will offer Managers Misses Lewis and Saunders such inducements that they can not afford to decline a date there.

BEST YET.—Mr. James P. Goode, who was here from Hustonville yesterday, told us that "Among the Breakers" was the best and cleanest show Alcorn's Opera House has had in its history so far.

TEACHERS' ASSOCIATION.—The Teachers' Association Saturday and Sunday night was a success notwithstanding it "rained, hailed, snowed and blazed." Prof. M. O. Winfrey was chairman of the meeting and he presided with much dignity. The speakers were Dr. Wm. C. Robert, of Central University, Hon. H. V. McChesney, Superintendent of Public Instruction, Prof. J. H. Patterson, of Lancaster, Prof. W. C. Grinstead, of Danville, Profs. C. Rexford Raymond and J. W. Dinsmore, of Berea College, Dr. Webber, of Kentucky Wesleyan College, and each made interesting talks, showing the great need for education and the advantages to be derived by securing such. All of the gentlemen strongly advocated graded schools and some showed by statistics that such institutions of learning pay the best kind of interest as investments. Most of the gentlemen thought Stanford should have a \$12,000 to \$15,000 building and that no money should be spared for equipments and teachers. During the day choruses were rendered by students of the graded school, Miss Polly Taylor gave a most creditable recitation, Wallace Singleton and Miss Rosa Jones sang a duet very sweetly, while Misses Katie Mershon and Katie Waters each favored the visitors with a piano solo. Prof. Winfrey and Supt. Garland Singleton, the leading spirits in the association here, were well pleased with the meeting which would have been far more interesting and much larger attended had not the elements behaved so badly. Among the visiting teachers present were Prof. Staten, of Normal College, Bowling Green, Prof. J. W. Davis, of Middleburg Normal College, Prof. M. E. Pruitt, of the Moreland Academy, and Supt. J. C. Lay, of Casey.

WARM GOODS.—Don't forget our cut price sale on Blankets, Underwear, Shoes, &c. Severance & Sons.

THE young men have engaged Walton's Opera House for Friday night during the holidays, when a swell hop will be given.

OUR correspondents all froze to death early in the cold spell, i.e. if any of them didn't have not let us know it by sending letters.

RICH.—Mrs. Rich, of the Dunnville section, died at Joseph Price Infirmary and was taken to her home for burial Sunday. She had greatly improved bodily, when a brain trouble set in.

OLD FIDDLERS' CONTEST.—Since our last issue Messrs. O. T. Wallace, of Garrard, and Ansel Lanham, of Hustonville, have entered in the Old Fiddlers' Contest at Walton's Opera House Christmas night. The entry book is still open.

BUSTONVILLE—Those Xmas goods at C. W. Adams' are going fast. Don't miss an opportunity of buying these goods cheaper than you ever bought before. Just received most elegant line of Medallions, the finest ever brought to town.

BUSTONVILLE—Those Xmas goods at C. W. Adams' are going fast. Don't miss an opportunity of buying these goods cheaper than you ever bought before. Just received most elegant line of Medallions, the finest ever brought to town.

FOR SWEET CHARITY'S SAKE.—The "Among the Breakers Co." will present that pretty play again at Walton's Opera House Friday night next, 20th. The proceeds will go toward buying substantial Xmas presents for the poor. Don't fail to attend.

A WEEK from tonight many little stockings will be hung around the hearths of Stanford homes. Don't let Santa Claus fail to fill any of them, but let him try to remember each little one in town and country. The tots are looking forward already to the going through of their stockings, and God grant there will be none disappointed.

PARTNER WANTED—Morris Fred, owner of the Farmers Roller Mills, wants a partner with money and offers to such, good inducements. His mill grinds about 75 bushels of wheat and 150 bushels of corn per day and makes the best of flour and meal. He is running it at the small expense of \$2.50 per day and wants a partner who can furnish means to buy wheat and corn in large quantities. Write or call on him.

Hall's Family Pills are the best.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be in and able. For a great many years the disease was not known, but now it is, and it is a most dangerous and by constantly failing to cure with such diets, must be pronounced incurable. Scientifically proven catarrh to be a constitutional disease, has therefore requires constitutional treatment. Hall's Catarrh Cure is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts terribly on the blood and mucous surfaces of the body in them they go out hundred times for any case that fails to cure.
